### **EXAMINER'S AMENDMENT**

With respect for the claim for priority, such is still not compliant in that the supplemental application data sheet lists the PCT as having a date of 4/14/2001 which is more than one year after the filing of the priority document, therefore conditions for 35 USC 119 still have not been met.

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the specification:

On page 1, line 5, following the title and before the first sub-title heading provided in the amendment of August 18, 2004, insert the following:

-- This application is a divisional application of U.S. Ser. No. 09/958,901, filed January 22, 2002, now Pat. No. 6,644,356.--

The above amendment was required to put the continuing data in the first sentence of the specification as required.
